www.pierlaw.co.nz

OUR PROCEDURE

The following outlines the standard procedure Pier Law performs for selling a residential dwelling. Many of these steps must be handled by your lawyer. At Pier Law we provide full services for our client's residential legal needs. Don't hesitate to contact us if you are selling a property. The standard specification for a sale in Canterbury is as follows:

- 1 Perform a preliminary interview - ideally before the contract is signed - to discuss purchase price, status of EQC and/or private insurance claims, contract terms and pitfalls. This preliminary interview will require us to search the title, check the agent's representations in respect of the purchase with the purchaser's solicitor and to advise our client on the relative merits of competing offers
- 2 Advise the purchaser's solicitor of our client's status and in particular our client's authority to sign the contract (if necessary)
- 3 Liaise with the Purchaser's solicitor regarding confirmation of conditions and advise them of the position regarding EQC and/or private insurance claims if not adequately covered by the contract

PIER LAW

- 6 Liaise with Council regarding property rates, check for a clean heat loan or rates rebate
- 7 Liaise with the real estate agent company as to whether the deposit has been paid
- 8 Prepare the settlement statement with appropriate undertakings and forward same to purchaser's solicitor with our settlement requirements
- 9 Seek and obtain the balance of the deposit (if paid) from the real estate agent
